With the help of brethren Greg Rodriguez, José Martinez and Francisco Martinez we gave studies to brethren who were members of liberal church which came out the brother Rodriguez.

For my part I am teaching class evangelism to church. We begin with the topic: Studying such as identifying a sects, how to identifying a sect, errors of Catholicism with its seven added the study of the Apocryphal, and finished studies.

In this March we will be studying the Bible Jehovah's Witnesses and the errors of their doctrines to later study the book of Mormon the internal contradictions of the basic book of the sect. the purpose of these studies is that the church has knowledge to defend the faith once delivered to the saints, Jude 3, and we went out to evangelize have tools to teach the people.

We are doing evangelism with the brother Francisco Martinez who is the evangelist who attends the congregation. For the moment, we are reinforcing with home schooling each brother. Establishing new congregation in Masaya City.

The reason is because there Francisco Martinez brother live with his wife and the brother Jose Martinez, and they have family members of the institutional church and other members of sects such as the Mormons. The brother Francisco Martinez taught convince through convince these people getting through the bible that were wrong, so it was decided to establish a biblical congregation where people can worship in spirit and in Truth.
