Report March 2016

Beloved brethren,

I pray that as you receive this report, you and yours will be found in the best of health. We at this time are rejoicing in His blessings.

The month of March was good for the church here as we continue to spread Gods word as best we can. For the most part our visitors continue to come on a regular basis.

Our visitors continue to come with the exception of Nancy's mother who has now returned to Mexico for a few months. But Nancy who was struggling to come has now begun to come every Sunday morning and most Wednesdays My wife and I have continued to visit with her whenever she has a day off in order to study with her. She really seems to be encouraged and we pray that she will consider her soul and come to her Lord before it is too late.

The young sister from Grand Prairie continues to come with her boyfriend almost every Wednesday. We continue to talk with him and he seems interested but up this point that is as far as we have gotten with him. As long as he comes we have hope for his salvation.

Our Friday home bible studies have come to a temporary stop as the Aguillons have had some problems with their children getting sick one right after the other and with four kids it has cut into our time. The bible study that we were having at our son Abel's home has also stopped due to a back injury he suffered three weeks ago. He has not worked for three weeks and is bed ridden due to maybe having a ruptured disk in his lower back. We at this will continue with these studies in my home. The good news from the first studies is that we have gotten two new contacts from these studies. One of them will be pursued by brother and sister Aguillon as she is a friend of theirs. We continue to pray that doors may be opened to us that we may continue to preach His word.

I also have one contact with an older man who is getting cancer treatments at Baylor Hospital. He is from Pecos, Texas and goes and comes every two weeks and when he is here I have begun to study Gods word with. She is a friend of my wife Teresa and she came to us as she is having family issues. We have taken the opportunity to begin bible classes with her and we pray that we can convince her to visit with us at church services.

Brethren, thank you so much for all that you do for us. May our Lord prosper you with His wisdom and His word and may you always have the necessities of life.

In His Name,

Antonio Montanez
