Church of Christ in the Guabo, Chontales, Nicaragua.

I traveled accompanied by Brethren Gregory Rodriguez this congregation that for economic reasons was unable to collaborate. I recall that this congregation is in the heart of the mountain, has lowered the number of members since due to poverty many have migrated to Costa Rica and even within the same Nicaragua, looking for jobs in other areas where drought is less. Men in Granada we decided that every 15 days traveling one of the three: this server, Gregory Rodriguez and Francisco Martinez, we are willing to collaborate with them. On this last trip was reconciled 3 women and 2 men, including one who has the courage to preach; we are training him so that in the intervening days he does meetings.

In Granada we had the visit of Joshua Reaves brother accompanied of 4 American brethren of the same congregation where josh brother meets.

We had no meeting with the church because there was no time, but it was good to see you after so long; and he gave us a tray for the Church in the Guabo. Brethren Guabo, thank you, it was an excellent gift.

We ask for prayers for Brother Aurelio Mercado that is after surgery in the prostate suffering from other diseases. For the sisters Maria and Salvadora, the brother Maximo, all seniors.

Your server and brother: Santos R. Palacios Mendieta.
