

I am sincerely thankful to the elders and all the members in the church for your prayer and support for the work of the Lord. Last month I couldn't go out of station to teach the word, the reason is, the month of March was the period of target reaching, I was unable to take leave from my company but I have preached all the four Sunday's and mid week bible classes. Apart from that I even preached in two Sunday's evening worships. I once again thank you all for all your prayers.
