Dear brothers,

Fraternal greetings from Chile.

Report work in preaching the gospel, April 2016.

Limache Church Of Christ

We continue to work on the edification of the saints. We ended the study of 1 Peter, presented by our brother Ruben Toledo. We continue with the lessons of 1 John. Also, I teach the lessons of "Life of Christ" taking account of the four Gospels. At the same time, we present other lessons according to the needs of the congregation.

Our brothers Ruben Toledo, Rodrigo Acevedo and Emilio Acevedo Jr. a great service in teaching the local church. This service allows me to work in the teaching of the Word of God in other parts of Chile and South America.

Preaching the Gospel in the archipelago of Chiloé.

As I recounted in my previous report, from my trip to the island of Achao in Chiloé archipelago, south of Chile; which resulted in obedience to the gospel of Josué and Vanessa Hernandez, they were baptized on 31 March. I returned to Achao Island for 15 days (from 13 to 27 April). The plan was to confirm in the faith our new brothers in Christ.

For many years Josué and Vanessa attended a Pentecostal sect occupying important positions in that group. There was much work to do, teaching to impart, many questions to answer. Every day we meet morning and evening to teach the first principles of the gospel. They also joined others who showed interest in the study of the Word of God.

Brother Franco Figueroa, Church of Christ in Talca, traveled to accompany for 5 days in this work. Franco is a very young evangelist and was an excellent fellow soldier.

On April 26, near the end of our work, Amelia Neira (42 years) decided to obey the gospel and baptized for the forgiveness of their sins, Acts 2:38.

With this work we were able to establish this small congregation that has three brothers in Christ. I will continue working in the teaching of these brothers through internet. It is my desire to return to visit them with my wife June, if our God willing and stay with them for 10 days.

Achao Island is 900 miles from the city of Limache where I live. There is no Church of Christ in that area. The archipelago of Chiloé is a broad sector south of Chile where the gospel truth begins to arrive.

Preaching trip to Peru in May.

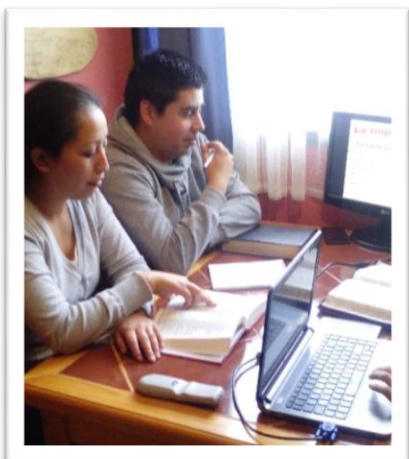

God willing I will be traveling to Peru from 5 to 19 May. I will meet from day 10 with brother Ruben Amador for the purpose of working in teaching God's word with some churches in Lima. Also we travel north of Peru to work with the churches of Paita, Sullana and Tumbes.

Dear brothers, as you can see, the Lord opens wide for the teaching of their blessed Word doors. I deeply appreciate your support of my work in preaching the gospel. Do not forget to pray for this server and the work we do for the glory of our Lord Jesus Christ.

His brother,

Emilio Acevedo.
