As to my works in the past month, 3 among the disciples of Arnold were converted here.

They are afraid to know by their master that's why they forbid us to have any single pictures for them to avoid exposure. Their master is a dangerous man, in fact he attempt to hurt me after the debate. Blessing I used my knowledge in martial arts, however after a few days he apologized with me.

Two sympathizers must be baptized last week but due to the current of politics of a recent national election it was postponed, maybe upon their return. My preaching was affected much by the national election; most of the people are busy in their politicians.

As to my other activities, the same scheduled with my previous teaching and preaching both here and Sitio Kalayaan.

My exercise is every Saturday 5:00-7:00 in the morning, I do gym, juggling and sometimes biking if my scheduled is not hectic.

By the way Brother Elesio Sikat passed away yesterday evening in Aurora Naujan Oriental Mindoro. He is a beloved brother who helped me greatly...This coming Wednesday morning I and my son Godsent will go there.

Early in this morning, my wife accompanied my daughter, Christianeth to manila to start her review in review centre with in five months, preparation for her incoming CPA board examination.

You and your family are always kept in our prayers. Thank you so much for nonstop trust and fellowship with me... May God bless you all and free from ill, have a good health....

In Christ,
Efren
