Venezuela

We arrived in the middle of the year, mercy and grace of God we are still alive. With the joy that God gives us, for having been adopted through Christ as his children, I greet you in the love of Christ. It is our desire that everyone is well and very blessed by God.

THE WORK OF GOD IN MATURIN CENTRO.

The Lord sustains his church and the work goes on in Maturin. This month we have had help in preaching on Sunday 15 John Aguirre's brother, preacher at the church in South Maturin. On Sunday 29 we had a visit from our dear sister Betzi Leechio, faithful member of the church in Puerto La Cruz, State of Anzoategui, who will take care of my stay on my next trip preaching to the church in that place, when you go to serve there , following the repeated invitation of the church.

We continue to receive visits from non-Christians in meetings with whom this time we are planning are planned for particular studies.

Prayers for Health.

We continue requesting prayer for the health of the following brothers:

Erika Granados who is recovering from a strong involvement caused by Guillain-Barre syndrome. Erika is a member in Maturín center.

Antonio Pérez He has over twenty hospitalized days and every three days they perform dialysis to cleanse his blood because as I mentioned in a previous newsletter, his kidneys stopped working. I also said that Antonio is a preacher in the church in Ciudad Bolivar, Bolivar State.

Gloria Benítez Gloria is a young, faithful Christian, who was instrumental support for the establishment of the church in the city of Carora, Lara State. She suffers from an autoimmune disease known as Lupus, this causes much physical suffering, by now being staffed by doctors here in Maturin.

We also remember **Helen** (Elena), in U.S.A., wife of our brother Ronald Roark and mother of Gregory, and she was hospitalized and pray for her full recovery.

Finally, keep praying for me for my full recovery. After cardiovascular event with facial paralysis which I passed in August 2015, my advanced recovery, is due not only good part of medical science, but also and especially God's intervention in response to the prayers of all of you for this server, so am highly grateful for them.

Radio. This month we reached the No. transmission. 511 of the radio program "Facing the Bible" in the city of Maturin. We have assembled a production team with brothers Rafael Farias and Javier Vargas, in co-production, and the overall production and conduct the program.

Reinicio de trabajo foráneo.

In view of the requirement of assistance requested by churches in the country to this server, given my improvement, with God's help I will restart

this work, starting with the church in Puerto La Cruz, Anzoategui, where God willing, I'll be in the first week of July this year.

At the close of this newsletter, my beloved brethren, I offer all of you my deep and reiterated appreciation for your prayers and share with me in this work. It is our wish you health and blessings of our Father God. Until the next edition, meanwhile, I hope that God richly bless you all, goodbye.

In the love of Christ,

Antonio and family.
