Report July 2016

Dear brothers:

Once again I have this opportunity to write to you, to tell them about the work I'm doing in preaching the Gospel. always seeking the greater glory to our Lord and Savior Jesus Christ.

Our health.

Thank God our health is stable, despite type 2 diabetes that affects us. Some of the consequences of diabetes is that three dental piasas have been damaged and must be eliminated and replaced with a prosthesis.

Despite these momentary evils, we have the energy to keep working in the Lord's work.

Limache Church of Christ, Chile.

The month of July I was for three weeks outside Chile. The work of teaching and edification of the saints in the local church was made by the brothers Ruben Toledo, Rodrigo Acevedo and Emilio Acevedo Jr., with whom we form the team teaching in the Limache Church of Christ. Also brothers Juan Aranda and Nelson Moraga are helpful in the proper functioning of the work of the local church.

It has completed the lessons of 1 John, taught brother Ruben Toledo. Now we begin with the study of the Gospel of John on Wednesdays. We also teach various biblical topics according to the needs of the congregation.

A trip Sullana, Peru.

As reported earlier, delicate problems have been presented in the Church of Christ in Sullana.

The brothers asked me to visit them and help at this time of difficulty. I traveled with my wife, from 5 to 26 July.

The fact that we found was that the brother Alex Luna, preacher of the church, passed serious problems in their marriage, next to divorce. In addition, Alex turned away from the Lord, affected with acute depression, and in those days became intoxicated with alcohol. After many exhortations and advice brother Alex pondered and repented of this sin, hopefully you remain faithful to the Lord until the end.

From the first day arrival Sullana I started teaching Bible studies every night presented. The brothers in Sullana, after these weeks of studies, took new forces.

The problems experienced in the meantime have moved them to take more

serious commitments in their faithfulness to God. These more committed brothers have begged us to come back to visit them and work with them.

The interest they had in that return was such that we bought plane tickets to return soon. God willing, will be traveling to Sullana on 27 September to 25 October to help the brothers with the word of the Lord. As we return to work with the brothers in Sullana, preachers of the Church of Christ in Païta will be helping the brothers in Sullana, on Sundays for worship. On Thursdays, this server is teaching Bible lessons online. I beg your prayers for the brothers in Sullana, these brothers have gone through a severe test of faith.

Church of Christ in Tumbes.

Being in Sullana took time to go with Ines to Tumbes, these brothers had insistently asked me to visit them, on Friday 17 July we traveled (five hours north, a town bordering Ecuador). I preached Friday night and Saturday morning and afternoon. On Sunday we meet at 9 am for the service, and return to be at the meeting with the brothers of Sullana. Brothers Tumbes are new, not yet two years old Christians and need help. Tumbes brothers fired us with tears and begged us to come back to visit them soon. These brothers need our prayers.

Brothers of the church of Christ in

Church of Christ in Paita.

Sundays 10 and 24 July we traveled to visit the brothers of the Church of Christ in Paita, where I presented Bible lessons. This church is the largest in northern Peru and has several brothers who help in preaching. Brother David Guerrero, evangelist of this congregation, is an influential brother and does an excellent job of support in several congregations in the area. The brothers of this congregation are ready to help area churches. Please pray for these faithful brothers.

Brothers of the church of Christ in Paita, Peru.

Dear brothers and sisters: I thank infinitely great love that you show for the Lord's work, to support my work of evangelism in Chile and South America. Whenever I raise my prayers to our gracious God keep asking His blessing upon each of you.
Your brother in Christ.

Emilio Acevedo.

"Finally, brothers, pray for us, that the word of the Lord may spread rapidly and be glorified"

2 Thess. 3: 1
