

Aug 2016 report.

Dear brethren,
Hope all is well there.

About the congregation:

Sister Debbie Westerman's mother-in-law is now in critical health. Especially pray for Debbie, as she is young in the Faith, and has a lot of other family issues to deal with. Prayers for others of the congregation who lost loved ones the past few months will be appreciated.

Sister Jean Bullock has recovered from her bout with "shingles", but her mind is weakening. Some of it may be medication related, but we know that's not the only cause. She has been slowly headed that way for a while now. Please keep her and her family in prayers also.

Lora and Buddy Cotten are still caring for Buddy's 8 y/o great-niece. This is a really trying time for them. Lora's mother, Hope, is not doing well after Ron's death. Please keep the Doss and Cotten families in your prayers.

Our local visitor, James Brown, still hasn't visited with us for a few weeks, but his wife has terminal cancer, and may not be doing well. Remember him.

Willard and Peggy Moore are moving to Benbrook due to increasing health issues for Willard. We will miss them as they won't be worshipping here after the end of Sept. We've had another local visitor lately. He has some serious error issues and family problems. Have talked with him some, but don't think he'll come around to the truth.

About Glenda and me:

Glenda's nephew Cody is back living with us for school. He's in college here in Weatherford, so his schedule easier on us I think.

Glenda and I are both doing well health-wise but Glenda always has allergy issues. Not much else new for now.
