Dan 25 y/o; single

Facio 24 y/o; single ;they the Bontoc family. All of them are baptist. They will be my neighbor in Lungos hiway going to Manila.

As to my other activities ,still the door to door preaching. My work in San Antonio ,hopefully Zusemo will obey the gospel ...I regrets that I need to insert my time in making our house and chapel ...As of now we are putting a roof .Perhaps this comming September

We will reside to our new nest although I am not expecting of absolutely finished.Very slow its making due to lack of budget. Blessing that the house's owner where we rent is seemingly good to us now.

Tomorrow after worship 10 am, I'll go to 5 local church in bicol together with the Mindorian and Manilian preachers

headed by brother Ely Ebuenga. According to him we are 3 vans. My son Jay will meet us there.

As to Jay's son named Caleb Joshua (CJ) with her mommy and his younger sister who are live there in Houston,TX .Recently he ingaded in debate in their school and won. His mom confirmed it by pecture in fb.CJ now is in grade 10 .He also champion in martial arts in their school. But the sad news Jay and Cherry Moya are now separated.Cherry is the only doughter of a well to do business woman in Naga.I advised them to married but Cherry's mother was opposed. That is why they kept on livein .So the surname of their children is Moya.I regrets him (CJ) much... Because of his talent ,talent that must use for the Lord.He is only 5 year old when they went there.

As to the photos ,I apologized..., bad news that all my file in my mobile phone were corrupted!..Someone who sent me a virus for the first time.It was too late when Faith was arrived the cell phone was totally damaged and I needed to bring in cell phone repair.

As to my family they are fine,except Eva.All the brethren are also fine...

You are kept in our prayers for a good health and long life more with your love ones...

In Christ,
Efren
