Report September 2016

Beloved brethren,

I pray that as you receive this report, you and yours will be found in the best of health. We at this time are rejoicing in His blessings.

We have had a very good months as we have continued to work hard preaching the Gospel. The brethren here are all working hard to help and to do as much as they can to help the congregation grow.

Our attendance this month continues to be the same with the exception of the days we were gone to gospel meetings. Sundays is pretty regular now with the exception of Nancy who has not been here in a couple of months. She has changed jobs and has also been going to Mexico and has stopped coming. As a result her son Luis has had trouble attending services and I am now going to his home to study some things to help encourage him, as he is young and is easily discouraged.

One of our elderly sisters has been hospitalized for a month now with kidney issues and possibly cancer. She has not been able to attend for about 2 months now and is really struggling with her health.

We are also having a new old visitor from years ago return to us. He is the husband of one our members here and used to visit us a long time ago. He is now coming to our worship services whenever he can when his wife comes. He is a good man and also a friend. We pray that God will allow us to reach him with his Word.

Our live stream on Facebook is under Kiestview bilingual church of Christ / iglesia de Cristo and it has been good for us to reach people I have had two bible studies develop from this media and we pray that it will produce more.

This month I was very busy and I preached a gospel meeting in Louisville, Kentucky at the Birchwood congregation where brother Gene Frost used to be the preacher but is now retired. I really enjoyed being with them and meeting the

brethren there and working with them. From there I spent the weekend with the West End congregation where brother Melvin Spencer preaches. This congregation also has allowed me to be a part of their radio program for the past 3 years. The program is a bible based question and answer program and I really enjoy being on it every Monday afternoon. During the week I was there preaching for the Birchwood congregation I was able to do the radio show almost every day live which was very enjoyable. I then preached for them on Sunday and gave the bible study as we spent the day with them. They were also a very good congregation and I will be with them for a week preaching a gospel meeting next June, God willing.

On a personal level, I am now being tested to see if I have any more tumors coming out. So far it has been some good news. We will pray that God can help me to be able to get better or at least not worse. Please remember us in your prayers.

Brethren, thank you so much for all that you do for us. May our Lord prosper you with His wisdom and His word and may you always have the necessities of life.

In His Name,

Antonio Montanez
