

Greetings to you and to all the members in the Church.

I thank you very much for all your prayers and support.
Our God has given good increase in all our efforts.

November: Apart from my regular work in the local Church, I traveled to a village called Pullmaddi to teach bible classes.
This was on the 8th.

On the 24th, I preached in a village called Kadcherlla.

December:

On the 3rd, we conducted a one day bible seminar at Mominpet. We had invited all the local churches and the denominations. Many of the members came and also some visitors.

In fact, around 1100 people attended this seminar. Members from the local churches and visitors took advantage of the class. So many people learned more about the Lord and at the end of the meeting, there were 8 people baptized in to Christ and God has opened the doors in three villages.

I thank God for this increase in the church. I am also thankful for your participation in the good work.

Attaching some pictures.

Thankfully,
Y.Surender.
