Church of Christ in Granada.

We had 35 bible studies, house to house, of this there several contacts. Two boys are attending. One was from the hosanna sect and the other from the Baptist sect, each has a family.

We were studying predestination is not biblical for man, making it appear that Christ is the predestined, 1 Peter 1: 19 – 20; in this study we explain Roman 9: 13 – 18 and Ephesians 1:3; we also study together with the Church, salvation can be lost, free will and the sovereignty of God.

We ask for your prayers so that these men can obey the gospel of Christ so that their families also come to the kingdom.

Collaboration with the church of Christ in the **Guabo, Chontales:**

I spent two days with these brethren, teaching and encouraging them, it was very productive my visit to this congregation.

Meetings in my house:

We have a contact and an added sister.

In Masaya I went to work with the brother Francisco Martinez, who collaborates with us in teaching and evangelism.

I ask your prayers for the brethren of the third age: Maria, Aurelio, Maximo and Salvadora. I also ask your prayers for this your server that the state still does not approve of the ligaments for varicose veins in the esophagus.

God bless you for your prayers and the economic support, whit out this my work would be more difficult.

Your server and brother Santos Palacios.
