

My greetings to you and your family in the name of our Lord, Jesus Christ.

About my works in the past month, here in kalayaan vicinity, I do the door-to-door preaching and visitation alone, because brother Nestor Gago wasn't able to accompany me due to his illness, he was almost paralyzed because of his stroke. While brother Rolly Benedas and his family went to Sariyaya Quezon. They were 13 persons. Brother Bubie now is the caretaker of his grandson, because his daughter is in abroad. That is why I'm alone now in door-to-door evangelism. Anyways, hopefully. Our Lord will give me another faithful companion.

As of now, I concentrated in San Juan, the proper town of Kalayaan. Hopefully. They will obey the gospel. This coming July. I planned to invites at least 10 of my co-preachers and friends to hold the house-to-house (personal evangelism) within 3 days. We will walk in pairs. We will give some tracks and reading materials, and at night, we will do preaching here in the chapel for those who will come. Lord's will. I will do it. I also suggested it to brother Danny Sikat, and they carried it out successfully. And it's a blessing that it's effective according to him.

April 25 – 31: I was in Mindoro, together with brother Mario Cay and Brother Danny Sikat, we went to San Isidro, Where I lived for almost 5 years. I leave it to my beloved friend and co preacher Eliseo Sikat which sleep almost a year ago. Because of that, the brethren there were gradually die in faith. However some of the faithful brethren saw me in Facebook and I'm thankful that they contact me and invited me to go back there and restore the church there. Through the grace of God, three families were restored. And we were baptized 1. By this time, sister Merla Dimaunahan donated a 200 square meters lot for the chapel. While brother Carlo Garcia, the reach man Christian, brother in law of bro. danny Sikat is willing to donate the roof materials.

For the meantime, the house of brother Wiilam Manila is serves as the chapel there. They are now belonging to well to do family there.

In Dulangan, 4 were baptized there under Brother Danny Sikat, in Panikian 1 was baptized there through our effort. In Victoria 3 were baptized, they were under Mario Cay. We moved and preached also to San Antonio, Victoria were the brothers and relatives of brother Max live. We also visited the Alcate Church of Christ were we lived for 5 years. Where the active members year 1985 – 1990 were 40. We also visit the Fines Camp, where I preached within 2 months after my successful debate with the 'spiritista'-hosted by brother Basilio.

Lords will, upon the coming of my support. I'm planning to stay there within 10 days. Because some of the brethren in the south, there are 4 local Churches of Christ there invites me too.

In San Isidro, Brother Mario Cay is watering and preaching constantly there while brother Danny is only every 3<sup>rd</sup> week available to go there. I will go there every 3<sup>rd</sup> months, only after new moon and full moon because of my daughter Eva. Because her seizure trigger during those days.

About the Church here in Longos. All the members here are doing well and all fine and alive the fire of faith. As well as my family.

You are all kept in our prayers especially the elders, preacher, deacons and all the saints there as well as sister Louise for her fast recovery.
