**My beloved Brethren:**

**I pray that my letter find you doing well, I am grateful for the opportunity to write to you again. I always will be thankful with every one of you, for your thoughtfulness, for your prayers, and financial support.**

**Brethren, everything is going well here in Arlington. Our attendance is going well, sometimes better than others. We are so happy and the congregation are excited for our growth in number as well in spirituality. Our new brethren are doing well except Jose Olivares, he is struggling to live the Christian life that our God expects from His children. It's true that he has been working a lot, but it's also true that he shows a desire and a commitment to serve the Lord. I have been calling, and sending text messages trying to get in touch with him, but with no good results; I will keep trying.**

**Our sister Idalia Olivares keeps going strong, she keeps attending very faithfully with all her children. Jovanny, one of her older children is attending on a regular basis, Mayra Hernandez is also attending on a regular basis. My wife and I, already had a two Bible classes with her here in our home.**

**We haven't been able to contact our sister Marina Villatoro, she and all her family stop attending. The family are going through difficult family problems and they are closing the door to the Lord and to us too. Let's keep them in our prayers. Our Bible class with Sister Jessica on Monday morning at 9:00, is going well. Our class with Alma Castillo continues to go well too, this class is on Tuesdays at 10:00. We are still trying to set up a Bible class with the Olivares family on Thursday, but we are not there yet. The class with Gerardo and Diana is still the same on Friday at 7:30. My Bible class with Brother Miguel on Sundays is now every other Sunday.**

**This month my wife and I visited twice with the Pleasant Grove congregation. They are doing well, The Romero family are back and placed in membership, they expressed the desire to work with them once more. This month also we had the opportunity to visit once with the Fort Worth congregation. They are stable and encourage us to keep forward. Sister Diana from the Country of Venezuela is attending with them now, she doesn't know how long she may be here.**

**Brethren, I would like to thank our Brethren from the English speaking Northwest congregation, they will provide all our expenses for my gospel in Hermosillo Sonora, Mexico this coming August. We are grateful for their desire to participate with us in this effort. Please pray for this plan, the Brethren in Hermosillo are excited to have us again among them. God willing this will be maybe the sixth time that we will be working together again.**

**Please keep us in your prayers. God Bless you all.**
