

My best regards to you and your family as well as the brethren there in the name of our Lord Jesus Christ,

Here are some of my works in the name of our Lord Jesus Christ. Sept. 17, the baptism of brother Marko. The parents of bro. mark's photo. Sept. 20, preaching in Brgy. Longos with 3 pictures in the house of aling Nene in front of sarisari store. That afternoon in Brgy. Longos, a fine man heard my preaching. Morning in Sept. 21, I preached at bro. Jim's house and his friend heard me. Afternoon in Sept. 21, I preached in San Antonio and 2 men heard me. Sept. 22 morning, I preached in San San Antonio to a two young fine men, and afternoon, same date, I preached at the house of bro. Jun to his visitor. I indicate 3 photos here. Sept. morning, I conducted a bible study in the house of bro. Jun, and five persons heard my preaching. And afternoon, I preached at the house of aling Bebeh. Sept. 26, I preached at Lunao the house of my Daughter Aneth's friend, the Guinto family.

Last Sept. 28, early in the morning, I went to Mindoro. I indicated 1 picture here. Sept. 29, I included 5 photos going to Balatasan for teaching. Sept. 30, we had a bible study in Tabok, including 1 baptism.

Oct. 1, I attended a Sunday service in Tabok, I included 4 pictures. Evening of Oct. 1, we had a discussion with a pastor of a certain Born Again Church to their chapel. He reacted to the word "PASTORS, BISHOPS, and ELDERS" and their responsibility, but later on he agreed the duties of pastors is to feed the flock. It's figuratively metaphor. Pastors of every local Churches must be more than one. If it is organized already. We also discussed the Lords Supper every Sunday. Giving, I COR. 3:2, II COR. 9:7, and it said that there should not have a 10% giving etc. additional is not recognized by the head of the body. EPH. 1:21-23, EPH.4:4 metaphorically. The law of the head. (CHIST) is perfect JS. 1:25 etc. RM. 12-16 and he admitted it. Instrumental music is acceptable? I discussed it very well. Only the first day of the week (Sunday) is only the worship of his one body. The kind of government of this one body is autonomous. I discussed it well, I also discussed the sin of division and its cure. The said pastor was satisfied for most of the things I discussed. But suddenly, due to the lack of time, regarding to one baptism was not much satisfied. Hopefully bro. Chito will resume it. I indicated two photos regarding thing this one.

Oct. 2, we moved to Libertad where we meet the pastor friend of bro. Chito on the van that were riding in. I took the time to share with him, he reacted at first, but after I discussed... he admitted too.

I meet the pastor of Independent Church in Libertad, and same reaction of the 1<sup>st</sup> one I meet before, we had an argument and later on he also admitted his wrong belief.

Oct. 3, I moved to Victoria, Oriental Mindoro, but unfortunately, bro, Mario is still busy with their ministerial House, so I preached at Alcate, it is half an hour trip next brgy. to Victoria. I preached there at the house of my wife's Cousin Ate Verly, wherein the whole family joined me in the bible study. Bryan, the eldest brother of bro. Macmac agreed for a baptism. But it was already 7:00 am when we woke up and he was hesitating to go to school because he is a graduating student.

Then I moved to their neighbor which is my former student in Pikajo 32 years ago (one type of Karate Marcial arts) and when he heard my preaching he agreed with baptism. But he is too tired in construction that day, so the other day he and Bryan were baptized by bro. Bob Agustin.

Oct. 4, I moved to Calagimay, where I preached at the house of bro. William Manila in their balcony, the man on yellow T-shirt was baptized the other day according to brother Willam. He just wait for his wife.

Oct. 6, I moved to Aurora, to bro. Danny's area. They assembled in a certain house and I preached as they demanded. My topic is "THE CHURCH of CHRIST vs THE JEHOVA'S WITNESS" I caught in their faces that they were satisfied. Bro. Danny also brought me to the known hard philosopher man according to his own knowledge and not according what we learned in school. I let him discuss his principles and bases of not obeying the gospel. Then I discuss that to him one by one and made it right. Afterwards I stablished the truth and true philosophy and its definition he never reject what is the one true church, and its identity. I also discussed the sin of division and its cure. And bro. Danny went home and time that philosopher invited me to come again. Bro. Danny lough out loud when he know about it.

Oct. 7, I went home to Laguna because my budget was insufficient. I forgot to check my email of bro. Ron Gray which was dated Sept. 19, and thanks to our Lord that I have my support on Money Gram. Thanks a lot my dear brethren there at Fort Worth... thanks for your constant trust and fellowship with me.

Oct. 8, Sunday service here, the brethren here were all fine except my daughter Eva... otherwise, she extended her thanks to bro Ron and the prayers of the brethren there in behalf of her.

Oct. 14, five days busy in constructing the dirty kitchen, as well as the electrical works both house and Chapel. And the house is still trying to finish this week.
