

Report September 2017

Beloved brethren,

I pray that as you receive this report, you and yours will be found in the best of health. We at this time are rejoicing in His blessings.

The month of September was another busy month with more visitors and hopefully more opportunities to save souls. We continue to work hard and the brethren continue to invite others to visit and to have bible studies. Now some of the older members are also trying to help in this effort. Please pray that we can grow according to His will.

This month my wife and I continue to speak to our apartment manager. While she has still not visited our services we are hoping she will allow more structured and meaningful bible studies with her. We pray the Lord allows her time as now she has opportunity.

My wife and I continue the bible studies that we are having with the young couple. They have also continued to come to worship and bible studies. They are very interested and have expressed interest in obeying the gospel so we have been going thru a study called "What does it cost to follow Christ". We pray that God will help to open up their hearts before it is too late.

We have also had more visitors this month. One of young men has been bringing two of his friends to services this month. A young man and a young woman all three are childhood friends. They have been consistently coming and now the young has started to bring his two younger sisters with him. The young lady who is coming is really interested in my Wednesday bible study as we talk about worship. She is from a pentecostal background and is understanding the differences in their worship and biblical worship. She is also coming on a regular basis.

My bible study with some of the preteens and early teens is also going well. I wish we could have better attendance with some of the kids but these are the same kids who's parents struggle to come to worship on a steady basis. But we do what we can.

Please continue to pray for me as I deal with all of my health issues. I continue to struggle with the same issues but I am alive and doing the best I can. I am truly grateful for your prayers and help. I would also let you know that I have been notified by one of the congregations that supports me that they will no longer be able to support me beginning at the end of this year. I will lose \$400. I am grateful to all of you for your support and them also as they have supported me for many years. Please continue to pray for me.

Brethren, thank you so much for all that you do for us. May our Lord prosper you with His wisdom and His word and may you always have the necessities of life.

In His Name,

Antonio Montanez
