Aug 2017 Report

9/6/17

Dear brethren,

Hope all is well there.

About the congregation:

Sister Jean Bullock has been placed on hospice after a hospital visit. Her daughter-in-law and caretaker, Brenda, is doing much better. Keep the Bullock family in your prayers.

Lora Cotten's mom, Hope Doss, continues to have some health issues, but is having more and more memory issues. Please keep the Doss and Cotten families in your prayers.

We have a sister Dorthy Warren who has stared worshipping with us, from Blanket, Tx. Her husband is in the Azle nursing home, and she is living with her daughter not far from the building. It's a blessing to have her.

Another family (mother and teenaged son) have started worshipping with us. Both are new Christians (about 2 1/2yrs), but are very enthusiastic and regular in worship/class attendance. Her husband travels a lot now, but she is hopeful he will be open to study. They have recently moved into the area from south central Tx.

We have another Christian (a single man) who has moved into the area from northern Ca. Bro Scott Dickinson is related bro Stan Cox @ westside church by marriage. He has been regular in attendance as well.

About Glenda and me:

Glenda's nephew Cody is back with us 4-5 days a week.

Our son, Jonathan, is still working and is able to go to service with us on most Sun evenings. Pray for him. Your prayers for him and us will be greatly appreciated.

My health is good for now.

Glenda has started on the only current medication for her myelofibrosis. She is not currently experiencing any adverse reaction to the medication. We received a grant from a non-profit group that will only require us to pay a $20/mo insurance co-pay til the end of the year. We really appreciate all the prayers from our Christian family.

Thanks for your continued support of the work here and your prayers for my family and the congregation.

Aug'17 support:

North Beach.........$ 500/mo.

Midway church....$ 1425 / mo

May the Lord's Word continue to spread there.

In the Lord DAVID REEVES
