

...as some of you may be aware that on Tuesday night Zimbabwe had a military take over a (coup) , it so happened I was in Zimbabwe in the middle of a trip while this was happening , Ivy was not able to contact me as this news was breaking and was very stressed and worried as you can imagine , I know that she did send out messages to some of the brethren that she had contacts for and asked for prayers .

This is what went down .

While I was in a village I was tipped off by a reliable source to get out of the country , unfortunately by now it was late in the night and driving the roads at night is just too dangerous , for those of you who have visited me in Africa , you will know Triangle country Motel in Zimbabwe, where I decided to seek refuge and spend the night planning to get out of the country at first light .Whilst I was there a heavily armed military group moved in and basically took over the motel , In the chaos the motel staff were shocked and did not really know what to do ,I managed to slip away back to my room which was right in the back and out of the way , I packed my things locked the doors and left the back bathroom window open in case I needed a quick escape .I could hear the group talking and drinking until early hours of the morning .When all went quiet ,I did a quick surveillance and noticed everything seemed quiet and people seemed to be sleeping , I used this opportunity to get out by now it was 4.30am .I headed straight for the border , but was met by military at road blocks all along the way .

A trip which should take about 3 and a half hours took 7 and a half , it was a shake down at every stop , but the Lord was with me and I was not injured or harmed .It seems the military are not really concerned with the Zimbabwe citizen's and have the president under house arrest and a number of his ministers. They were more concerned about me and why I a foreigner was in the country , at this strategic time .

Thank you all for your prayers as I believe the power of prayer keeps Gods children safe ,I have been overwhelmed with messages thank you , I am home safely and all is well .

Please continue to pray for all our brethren in Zimbabwe as this unfolds that it will all end better for them , and no one is harmed and this does not end in a civil war .

Thank you again for your love

In Christ
