**Report October -November 2017**

Beloved brethren,

I pray that as you receive this report, you and yours will be found in the best of health. We at this time are rejoicing in His blessings.

These last two months have gone by quickly and have been very busy. We have continued to work hard and to try to spread the gospel as best we can.

We have had some new visitors this month and our regular visitors continue to come. The month of September our young family with who my wife and I have been weekly bible studies, brought his mother to visit along with them. She is a Pentecostal but as we spoke after services she expressed a great desire to also study some more. She lives in Louisiana but comes often to Dallas. Now when she comes she comes with her son to our home bible study. Our bible studies have now changed to questions they might have concerning anything they have doubts or questions about.

My wife and I continue our weekly bible studies with our apartment manager during her lunch hour. During this time we have had two or three others join us in our studies. We pray that this will lead to some coming to visit us during services.

The young man who is visiting also continues faithfully. He and I have a couple of bible studies whenever he has time as he works a lot. This young man continues to encourage his mother and sibling to visit with him. My wife talks to his mother on a regular basis on the phone to encourage her to visit or to have bible studies. She is very polite but not too receptive.

I also continue my bible studies with our young people at my home. Our bible studies seem to strengthen their faith and give them encouragement. I am also continuing my studies with young Jacob who wants to be a preacher. He continues to learn so much and picks up things fast. I pray he will continue to grow in faith and knowledge.

Please continue to pray for me as I deal with all of my health issues. For the last two months I have had to buy all of my medications due to my funds from my Medicare D running out. I am struggling a lot with my arm again. The pain is constant and it seems I am healing from the rupture of my ligament very slowly. Please continue to pray for us as I continue to struggle with the same issues but I am alive and doing the best I can. I am truly grateful for your prayers and help. I am grateful to all of you for your support and them also as they have supported me for many years. Please continue to pray for me.

Brethren, thank you so much for all that you do for us. May our Lord prosper you with His wisdom and His word and may you always have the necessities of life.

In His Name,

  
Antonio Montanez
