**Dear my beloved Brethren:**

**It's my greater desire that my letter find you doing well. I really cannot find the right words to thank you, and to show our appreciation to all of you, for constantly taking care of me and my family day after day, month after month, and year after year, and for your prayers in our behalf.**

**Brethren, our attendance on Sunday mornings is always good and encouraging, Sunday evening and Tuesdays, is not so good. Please keep us in your prayers.**

**Our new brother Jose Olivares is attending in more consistent basis, we are so happy for him and sister Idalia. They both are having very difficult times with Jose Jr., and Andres. Jose Jr., is only 15 and Andres is 13, he is the one that is getting from bad to worse by the day. Brother Jose works out of town most of the time, because Sister Idalia is their Stepmom the kids don't respect her at all. Brother Jose recognize that this is his fault, on the same time he just feel unable to help his kids. The only thing we can do is visit Jose and Idalia in their home to pray, study and give them encouragement.**

**Our class with Alma Castillo continue on Monday's at 9:00 in our house. The class with Gerardo and Diana still the same on Friday at 8:00. My Bible class with Brother Miguel still the same, every other Sunday.**

**Please pray for our work, we know that our efforts won't be in vain. We pray and hope that our Lord continue using us, helping and giving us wisdom and understanding, and the time to do His work, and bring glory to His name.**

**Once again I thank every one of you, for your thoughtfulness, for your prayers, and financial support. I will pray that our Lord keep giving you the ability to continue with this fellowship in the preaching of the gospel in this coming New Year.**

**God Bless you all.**

**Juan Antonio Salazar.**
