Comodoro Rivadavia, March 6, 2018

Dear brothers, I want to greet you all, hoping that upon receipt of this letter you will all be well blessed by our beloved God and the Lord Jesus.

Before sharing the work done in the work of the Lord, I wanted to share some personal issues first:

**Health:** As for health, my family and I are well, we have only had the common illnesses (colds, flu). As for the brothers of the church, they have not had any extraordinary health problems either.

**Change of vehicle:** I wanted to share this with you who help me because for me it is of great benefit to have been able to change vehicles, as it will have an impact on the extension of the kingdom in this area of Argentina

The new vehicle is a Renault Logan Model 2012 car, although it is used but it works better, mechanically, than my previous vehicle, which was about to break the steering box again. I agreed to this vehicle by changing the previous one for this, obviously I had to pay a difference and the rest paid in 9 installments of \$ 7000 (346 dollars). Economically it is a big effort for me but I had to do it since it is necessary for me personally and for the work, due to the great distances that exist between cities here in Patagonia.

- R E P O R T -

**Evangelism:** With regard to the evangelistic activity in this area, I continue working in the usual way I have been doing it, through invitations in hand on the public highway, inviting people to study the Bible in their homes in order to make contacts.

I continue going to the city of Rawson (Capital of Chubut), in the company of Brother Christian Alvarez, in order to be with the brothers there Saturday and Sunday. These visits have been shortened to two weekends a month, because they are firm in faith already. For the trips we do there, they help us economically for the naphtha, the church of Comodoro Rivadavia and the church of Rawson. The Rawson brothers also take care of our stay there.

The brothers of Rawson the times that we go to take advantage of inviting people to the meetings so we can talk to him, it is so we were able to share the message of salvation to several people there, among them a pastor and pastor of the World Harvest Ministry. Although acceptance to the Although acceptance of the truth is resisted we trust that the Word of God does what it should do in

each person, so we do not lose heart in continuing to speak of the Gospel of Christ to every creature.

**Church of Christ in Comodoro Rivadavia:** In this church a marriage that had stopped attending was restored and to this day they are faithfully persevering. The brother who takes my place in the preaching on Sundays that I am in another city is my nephew Franco del Arco, and the brothers collaborate faithfully in the service.

**Some preachings that I shared on Sunday (in both congregations) were:**

- - Who can not be a disciple of the Lord (Luke 14: 25-34)
- - What will I give to the Lord today? (Examining the worship we give to the Lord)
- - The fear of God (Proverbs 1: 7)
- - A sure promise: I will never leave you nor forsake you
- - When you make a promise to God (The seriousness of promising something to God and not fulfilling)

**Bible Studies:**

In the church of Christ in Comodoro Rivadavia on Wednesdays I am giving a Bible study about the Angels and in Rawson on Saturdays we answer questions more than anything of concerns that the brothers have.

**Economic Support:** Economic support is the same that I have been receiving for years, without variation of amount.

Brothers, I pray your prayers for the work I am doing in this area and for the brothers who continue faithful to the Lord.

I say goodbye to you, thanking you enormously for your help and wishing you the richest blessings.

Church of Christ in Comodoro Rivadavia

With my wife Sandra Schmidt with part of the brethren of the church in Rawson
