Beloved and dear brothers in Christ, we thank God for giving us the opportunity to be alive and to communicate again through this means. It is our sincere wish that everyone is being very blessed by the Lord. We are doing well here, overcoming with God's strength the difficulties we have to fight in this difficult time, and grateful for the prayers that you pray for

us, for the churches in Venezuela and throughout the country. In God we hope and trust in Him.

The Work of God in Maturín centro.

In the previous bulletin I spoke about several contacts, non-Christians who are interested in hearing the Gospel of Jesus, and to attend them we are organizing different meetings for the study of the word with them, in different sectors of the city. Despite the fact that several brothers who helped in teaching have left the country because of the crisis, we have taken on the work of Brother Javier Vargas (the former Pentecostal pastor) and this servant, we are organizing people in study meetings to preach the gospel, with the support of church members, each making a special effort to achieve this, including the same contacts.

Weekly meeting to study the Bible. Right to Left: My wife, Sis. Milagros, this preacher, Héctor Coa, Yuglenis Márquez, wife of Héctor, Sis. Yudennys Ramos y María Fernanda Alfonzo

The members of this study group, Héctor and Yuglenis are spouses, three children. This family has been involved in the practice of a human philosophy called "metaphysics" for several years. I pray dear brothers your prayer for this family, that philosophy contains a mixture, a syncretism of several human religions, efficiently used by the "deceiver", and it causes them to occlude in the understanding, it is a bond from which they want to free themselves.

The church. The brotherhood that remains in the city, remains faithful. Everyone, struggling every day, trusting in God in this time of human trial, helping each other as we can, and hoping that we will come out of this.

Prayer for health. Sister Mary Guinand, who resides with her family in the city of Cumaná, capital of Sucre State, informed us that in the month of last December her mother, Sr. Griselia, affectionately known as "Chelita", a 76-year-old palate cancer, according to medical opinion, is the most aggressive cancer that exists. Unfortunately the medicine that can help relieve the pain is not there in Venezuela, apparently there is in Colombia at an inaccessible cost for this family, so it has been resorted to request financial help along with prayer. For communication with Sr. Mary Guinand this is your email and phone number: gdmaryc@gmail.com -

tlf. 0412-947 6888. Your prayers are greatly appreciated.

**We have reached the end of this bulletin. Brothers, receive my deepest gratitude for participating in this effort in the work of the Lord, for your prayers and support during this time. Let's keep praying for each other. If God allows, it will be until the next edition, meanwhile, that the Lord will continue blessing you richly, goodbye. In the love of Christ,
Antonio and family.**
