

Feb 2018 Report

2/27/18

Dear brethren,

I pray all is well there.

About the congregation:

Sister Brenda Bullock is home and recouping from her hip surgery. Keep the Bullock family in your prayers.

Sister Lora Cotten's mom, Hope Doss, is doing fairly well, but Lora's niece just went on liver transplant list. which continues to stress the family. Pray for them.

Sister Sandra Dobbs is doing well after her sinus surgery, and has found a new job. as noted previously, she is pretty new in the faith, so keep her in your prayers.

2018 is starting out as a good year. Hopefully it will continue as such.

Our members are all about over the flue, but some allergy issues continue to occur. As a result, we are still evaluating both evening services weekly.

We've had a couple of out of town visitors recently.

About Glenda and me:

Glenda's nephew, Cody, is still working at the college and has odd hours, so our schedule is crazy much of the time. Add Dr visits and lab visits for Glenda to the mix and we are running around

like chickens with our heads cut off much of the time. Glenda doesn't feel like driving much any more, so I get to do a lot of taxi-ing.

Our son, Jonathan, is still working and is able to go to service with us on Sundays and most Wednesday nights. He is living on our place in an RV trailer. Pray for him. Your prayers for him and us are needed and will be greatly appreciated.

I'm doing well now from a health viewpoint, which is refreshing.

Glenda is still not currently experiencing any adverse reactions to her medication, but she is responding to an increased dosage. She had to receive another 2 units of blood just last week. We really appreciate all the prayers from our Christian family.

Thanks for your continued support of the work here and your prayers for my family and the members of the congregation.
