**My beloved Brethren:**

I hope that my letter will find you doing well, it is my wish that your work as servant of the Lord, and the church's work, continues to progress.

Brethren, thanks to our God, our work is doing better. Everybody are striving to become a better Christians, and are putting the effort to help, to become a better church. Our new brother Jose Olivares continue to be absent. Our Sister Olivares have come to worship only once this month. Let's all keep her and her family in our prayers, please.

Nothing new with our weekly work, the Bible class with Alma Castillo continue on Monday's at 7:00 in the evening, at her house. The class with Gerardo and Diana still the same on Friday at 8:00. My Bible class with Brother Miguel still the same, every other Sunday.

My brother Jorge and his wife Nereyda, continue attending on Sundays, twice this month we studied with them on Saturday morning. The other two Saturday, they went out of town. We will have to reschedule the Bible study with them because Nereyda will start working on Saturday mornings. She really look very encourage, and is enjoying listen to God's word. Jorge don't look very excited. We will see how this turn out, hopefully for the best, and we can bring both to our Lord Jesus.

Brethren, I would like to tell you that, please keep including my wife in your prayers. She continue dealing with health problems, the problems with her esophagus sometimes is overwhelming. It's hard for her to swallow water, it is worse to swallow food, if is liquid she have to stop to allow the liquids to go through, same thing when she's eating solid food. We still doesn't know yet, when she may see her doctor, probably till May. Till now she understand that she needs to wait. She have no complaints, but I can see that she's trying to endure this pain.

God willing we are planning for two gospel meetings this year, the first one is this coming May, and the other in October. If Brother Enrique Cisneros is able to come, he will be here in May. I am looking forward to work with him again. I know that his work, it will be a grate encouragement for everyone.

Please, pray for our work, we thank you all for all that you do for us. God Bless you all.

**Juan Antonio Salazar.**
