

My greetings to you and to your family in the name of our lord Jesus Christ.

As to my works in the passed month here in our neighbour, 3 youth must be baptised but upon knowing of their parents who were opposed for baptism, it was postponed there ages are 15,16,15.

In San Antonio the Indian National is willing for bible study but he became a member of Jehusua in Singapor, that why i needed to destroy the doctrines, like sabbath weekly 10% as giving, the name of Jesus as Jehusua. There government with central.

The way of salvation they must to in doctrinate first also with a trial then the baptism. We are now in the way of salvation: Semeengly he is okay except his wife who is fanatic in their religion now.. Another man whose name is Sasuman an Iglesia ni Cristo(1914). He is constantly hearing of my preaching. One of our neighbours name is also "Efren" who are also constantly hearing with me together with his family.

The 3rd house at the left side of our house they are now attending our services they are member of Dating Daan but upon knowing it is wrong now they are sympathizer hopefully they'd obey the gospel this coming Sunday morning ,his day off .

During my travel preaching in Mindoro 21 were baptised withing 3 days of my preaching in PuloSahi Oriental Mindoro.. Aside from my initial preaching through chatting and calling using the social media 8 were enitial baptised in the said area.

So all in all they are now 29 plus the 2 recently bapstism that's why they were adjust their temporary meeting place. Bro. Roy due to too much gladness he offered the land for a Chapel lot also he want to donate a parcel of his land for my residential lot, just to help him in preaching there and also to trained him well. They have no child that's why he want to devote his time in serving to our lord.

I also visited the Anoling Church of Christ and taught for their midweek bible study. In Victoria where Bro. Mario Cay is the preacher, we just preached to one family and one was baptised then we proceed to Calagimay but most of them are busy in harvesting Palay so that we held a bible study to the house of Bro. Nandy Dimaunahan then i decided to go home because of my allowance for preaching was sacrificed to PuloSahi, I donates 4 steel roof 12 feet long when there was a suddenly rain during our service and they are using trapal only for that meeting place.

In social media lots of my pupils now. Blessing that Bro. Ron Halbroke is constantly sending some profitable articles which i just sending them according to their necessities.

Thankyou Bro. Gray! You and your family, together with the beloved elders preacher and deacons together with all the saints at Fort Worth are kept in our prayers for your good health, comfort, and more blessings. Thanks a lot for the prayers in behalf of us...

In Christ,

Efren
