Comodoro Rivadavia, 26 of June 2018

Dear brothers, I want to greet you all, hoping that upon receipt of this letter you will all be well blessed by our beloved God and the Lord Jesus.

Before sharing the work done in the work of the Lord I wanted to apologize first for the delay in writing this report due to different circumstances that have happened to me that I was delaying in making a report, being the most serious or rather the most dangerous a robbery that I suffered in my home, where a group of young people entered to rob at approximately 3:30 am. We do not hear the noise because we live in a lower level, due to the unevenness of the terrain. We were all sleeping at that hour, and these bad people entered by forcing the main access door. My youngest son, Maximiliano was the one who heard the noises and realized what was happening and went to warn me in my bedroom. When we saw one of the criminals coming up, he threatened us with a gun to my son and forced us to go down again. When we went down and realized that my son was out of danger, I went up to face them with a piece of wood that I found, but they had already left. They did not steal a lot of things from me, given that they entered the meeting place where, when they were arranging it, there were not many things. But if they stole hand tools and things that were in my office, like printers, pendrives with my material and other things. What I regret most is that I stole a new Netbook that I had recently bought and of which I only have two paid installments. I had to buy it because the netbook that I had and that my father had given me, suffered damage and can not find the spare you need and fix it is very expensive. I had to send to fix my desktop PC and wait to be "fixed" (put in quotes) because to have many years already, is obsolete, and not fit, typing too much and difficult to start, beyond that we are recovering from the I scare even.

Health: As for health, my family and I are well, we have only had the common illnesses (colds, flu). I'm going to have to make some glasses to read up close because I'm having trouble seeing the small letters.

As for the brothers of the church beyond the usual illnesses due to weather or age, My stepfather and brother in the faith, Luis Figueroa, had a pre infarction while working, for which he was under observation for four days. Today the brother is already registered and works normally.

**Evangelism**:. Regarding the evangelistic activity I keep going two weekends interspersed a month to be with the brothers there Saturday and Sunday. For this activity and accompanied by Brother Christian Alvarez, and also my wife, with whom we have gone alone more than once. This congregation celebrated two years on June 6 and a group of brothers continue to stand firm and strive to remain faithful to the Lord and trying to make contacts in that city and also in others as is the case that I share next.

**Evangelism in Villa Dique Florentino Ameghino**: Three brothers from Rawson's church, Jorge Sosa, Mabel Gonzales and Hugo Roa. These three brothers arranged to go to that town to preach first to a couple they know and make more contacts. Villa Dique Florentino Ameghino is 1:30 hours from Rawson. They are going there on Wednesdays. They have been handing out tracts and at the

same time they put up a sign like I do when I go to a new city. So far they are two times going and studying with the couple and apparently there are good prospects.

**Evangelism in the town of Camarones:** On Saturday, May 5, I went to the city of Camarones, 259 km from Comodoro Rivadavia, in order to place a sign inviting people to study the Bible and deliver tracts to make contacts. On this first trip I was accompanied by Brother Christian Alvarez, it was only two or three hours that we were working and then we continued traveling to Rawson to be with the brothers of that locality. From this work four people communicated asking what the invitation was about and when we would go back there. To date, due to the inclement weather I have not been able to return there due to the bad weather on the route (snow and frost), as soon as I have the chance to go again I will go again..

**Evangelism in Caleta Olivia:** This locality is located 72 km from Comodoro Rivadavia, in the province of Santa Cruz. I have gone with my wife to distribute tracts and placed flyers on the public highway. The idea is to go every Friday to that city in order to make new contacts.

**Church of Christ in Comodoro Rivadavia:** I am making flyers to stick in neighborhoods near the meeting place encouraging people to visit us. I also plan to make posters to be placed in the most remote neighborhoods of Comodoro Rivadavia, as is the case of Caleta Córdoba or Diadema..

**Weddings:** On May 12, Brother Diego Cortez married Sister Maria Gadea, who is originally from Nicaragua. For this occasion, and taking advantage of the visit of relatives who are not Christians, talk about the importance and purpose of marriage. And also with my wife Sandra and another brother of the church, David Mamani we left witnesses for the brothers before the civil judge.

**Some topics that I shared:**

- - The idle words: This was a series of preachings that I shared to expose the theme of the importance of controlling the words that come out of our mouths that can harm us on the day of final judgment.
- 
- - Jesus knocking at the door
- 
- - The warmth of the Christian
- 
- - Being grateful to God
- 
- Regarding the weekly Bible studies we saw:
- 
- - Finish the series about the angels
- 
- - Where do we go after we die?
- 
- - The abortion
- 
- - Marriage
- 
- - The duties of the wife and husband
- 
- - The importance of prayer. I started this theme on Wednesday 20/06. Today we will be seeing the model prayer: Our
- 
- - In Rawson on Saturdays we answer questions more than anything of concerns that the brothers have. The brother who takes my place in the preaching on Sundays that I am in

another city is my nephew Franco del Arco, and the brothers collaborate faithfully in the service.

- **Economic Support:** It is the same that I have been receiving for years, without variation of amount.
- 
- Brothers, I pray your prayers for the work I am doing in this area and for the brothers who continue faithful to the Lord.
- 
- I say goodbye to you, thanking you enormously for your help and wishing you the richest blessings.
- Your brother in Christ, Alejandro Correa, greeted you..-
