

First I thank God for such opportunity.

Sir I would like to state the few work report for the month of two months May and June 2018.

Sir there was a problem in the past two months (May/June 2018)

Due to the tribe of Punjabi and the tribe of Khashi there was war between the two tribes so that is why the government of Meghalaya has banned the network system as well as it hampers the normal city life in Shillong.

That is why I can not give even the work report timely, so sorry for the delay of the work report.

My personal Evangelist work report.

Sir I give the personal Bible class with Brother Pasu who recently got retirement from Indian Army, I took the lesson of the Bible dispensation, as well as the New Testament Church.

But he except the preaching of the Gospel it is true but still he is not obeying the truth, any way if God willing I will continue again in the day to come with him the Bible class,
So Sir please pray for the Bro Pasu he was from the Baptist background. So that he may receive the gospel of Christ and be saved.

And the brethren from Moulai Khashi brethren, we had fellowship with them in the worship service they used to visit us and we used to visit them and we have a good fellowship with them.

And Mr David Touthang from the Baptist background. I give him the personal Bible class with him, I teach him the Bible dispensation as well as the New birth and the Church, so please pray for him this person needs to understand the word of God.

And I have visited all the Church members and with the sort Bible study and with prayer and encourage them in the word of God.

Sunday Bible class I teach the steps of salvation. With the Adult Bible class.
It is really an interesting lesson.

And all the members were active on the first day of the week worship service.
We are all good through your prayer and support.
