**Beloved brothers, we thank God for keeping us in our lives and in our faith, and giving us the opportunity to return to find ourselves in this way. As always, it is our desire that you, Christ, is our desire that you be well in all aspects, and especially in the spiritual. On our side, God gives us the strength (Phil 4:13) in these difficult times that our country is going through, especially in the area of**

**food, medicine, health, transportation, hyperinflation and absence of money in the hands of the people. We only trust in God, and we take courage looking up to where our life is protected (Col.3: 2, 3), and we keep praying for each other and for the whole nation.**

### **Maturín centro.**

**Times of courage and faith. The brotherhood remains firm and faithful in the faith and trust in the Lord and performing and participating in the programmed activities.**

**Active brother returns.** Our brother Renny Marcano, who months ago had left the country with the group of brothers who went to Ecuador, but Brother Renny had left his wife and two young children in Maturín, hoping to take him later. The church had been left without the help of a good brother who is very active and

collaborative in the activities of the church. We give thanks that he decided to return with the family and his church.

**Familiar, México.** On Sunday 20 we had to taste the bitterness of the crisis of the nation in general, when our daughter Eunice along with her husband and daughter had to leave their country, and went to settle in Mexico. We appreciate your prayers for them.

### **Antiliberal defense.**

In the previous bulletin I sent this note, where I mention, among other things, the preparation of a material for studying the subject, to inform and help the new brothers, therefore, at the end of this bulletin I add the aforementioned material.

In this time the liberal brothers have been on an offensive, looking mostly for newly baptized brothers, who still do not know anything about the differences, and seduced them with cunning. We already

**had two marriages, thanks to God we rescued them, we have started a continuous orientation for the whole church with this theme.**

**Since national preachers and many members of the churches, of more recent generations, do not know these issues, meanwhile, the brothers of the other position are very active and take advantage of the ingenuity of our new brothers to convince them that we are equal and that their practices they are fine, that the "important" is "love".**

**For all this, I have decided to prepare a material that serves as a support to inform in well explained classes, the historical origin and the contradictions with the Bible that represents "the liberal system".**

**So far this newsletter. Beloved brothers and sisters, as always, I would like to express my deep gratitude for**

**participating in this work with me and helping with prayers for the work of God in this place.**

**If God allows, it will be until the next edition, meanwhile, God will continue blessing you richly, goodbye.**

**In the love of Jesus,**
