

My greetings to you and to your loved ones in the name of our Lord Jesus Christ.

As to my work in the past month due to my worst eyes condition, I can't able to work much.

The left eye with cataract while the right eye is acute terridium which called by the doctor as octopus. I also suffered of great dizziness, that's why my great desire to go and preach the gospel was hold... But blessing when Bro. Lino my first convert in Alcate, Victoria Oriental Mindoro who are now working in Africa as electronic Engineer offered me a certain amount of money for my two eyes surgery. The said money has not profit so that on August 7 the surgery occurred and went well. Praise him! The father from above who let me not to be blind...But I am still suffering eye pain due to the sutured which will be remove this coming Wednesday. They used not the special thread or melting thread. My left eye will be follow upon the total recovery of my right eye according to the doctor.

However, I must be there in Pulosahé this coming August 24 for the gospel meeting on 25, in the chapel of one covenant where the preacher named Ryan Agustin and Isidro Saligumba who were totally renounced the one covenant doctrine. The one covenant also pro-blood or eating blood, pro to marry and re-marriage and divorce. But when I destroyed these evil doctrine, they are now returned to the sound doctrine. That's why they were decided to hold the gospel meeting in there chapel. I'll clarify the different between the one covenant and the two covenant, once more for the South of Oriental Mindoro, Bro. Ely Ebuenga want to go with me there. So the left eye operation will be upon my return from Mindoro, when my right eye totally recovered.

Bro. Lino knew that I am a hard working in the lord, he planned to buy to a lot here just for the permanent chapel. He is truly a good brother in Christ. The transaction is ongoing. Hopefully upon my eyes completely cured. I will be able to work in the lord better.

As to my family, Faith suffered from severe cough for almost 3 weeks while Chistianeth suffered from measles with our Granddaughter, Kezia within a week with 3 days' severe fever. My wife also suffered from severe fever due to flu. Anyway, everything was over thanks to God and to all the brethren who kept on praying in behalf of us.

Another bad news Bro. Gilbert Magante, my faithfully companion recently suffering from kidney stone right side while prostate on the left side. He was confined in holy trinity but the doctor said that he must be bring in PGH in Manila. I asked my Filipino co- preachers for their help, which they sent directly to him. The church here helps him according to our ability. Please pray for him my dear Brethren.

Thank you for your constant trust and fellowship with me. Your health is kept in our prayers.

In Christ,

Efren
