

Aug 2018 Report

9/7/18

Dear brethren,

I pray all is well there.

About the congregation:

Our congregation is continuing to enjoy good personal health, but everyone still seems to have a family member(s) having health issues. I'm sure this is not unusual for many congregations.

We aren't having to cancel evening services as often, as Glenda is able to attend in the evenings more. And (praise the Lord) bro Buddy Cotten is attending on Sun and Wed evenings, even when Lora can't attend !! He is also participating in the class discussions.

Buddy has shown amazing spiritual growth in the last several years.

Sister Deb Westerman is still struggling with her faith. Deb really needs prayers to remain strong.

We had another family visit, but they were just passing thru.

About Glenda and me:

Our schedule is not as crazy as it was for awhile. Dr visits and lab visits for Glenda and me have slowed down some so we can breathe a little easier thank the Lord.

Our son, Jonathan, is still working and is still able to go to service with us on Sundays and some Wed nights. Pray for him. Your prayers for him and us are needed and will be greatly appreciated.

I'm still doing well from a health viewpoint. I did have to have a half-dollar sized patch of skin removed from the side of my face, but all is well now. We appreciate the prayers of all there.

Glenda is still not currently experiencing any adverse reactions to her medication, but she is experiencing high iron levels due to the transfusions. She hasn't had to get blood for three months now, and in her last blood test her red blood count was up a couple of 10ths! Still low, but some unexpected progress. We attribute it to prayers, and we thank you for all of yours in her behalf.

We really appreciate the prayers from all our Christian family.

Thanks for your support of our work here and your prayers for my family and the members of the congregation.
