

# BOSTON

Dear Brothers & Sisters,

I thank God for all of you. Knowing that there are brothers and sisters throughout the country who are interested in the Lord's work in Boston is a great encouragement to me. Thank you!

## **Support Update**

I mentioned in my last report that I would be losing \$500 in our monthly support at the end of March but am pleased to report that the expected shortcoming has now been filled. I am grateful to the Lord Who provides!

## **Work of Evangelist**

The lunch Bible study at Mass General Hospital has been going through some changes. I've mentioned before that this study was originally set up by John, a doctor who works at the hospital. Through God's providence, I came into contact with John, and for many months the study was primarily between just him and me. However, over this past month, we have had some new faces join from the community. Mackenzie has become a regular visitor who takes the train on her lunch break to read the Bible with us. Another visitor, Tom, joined our study about three weeks ago and has since started coming to our Sunday morning worship service. Also, one of the members of our congregation has joined the study, as she works just a block away. It has been really exciting to see this growth and interest in God's Word.

*Public Garden is still beautiful with snow!*

Another reason these visitors are exciting is because John let me know that he is leaving Mass General Hospital to work at another hospital across town. I was concerned that the lunch Bible study would end, but with the new interest lately, we will be able to keep it going. Additionally, John and I have already discussed continuing our study together at his new place of work after he gets settled. Praise

God for how He has been blessing and growing this effort! I cannot take any credit for the way these Bible studies have begun to flourish – I can only give God the glory.

### **Christians in Boston**

I previously mentioned that we have had some Christian women who speak Spanish worshipping with us over the past few months. One of the women, Kelly, informed us that she would like to place membership. We are all excited about this opportunity for growth. We are appreciative that Kelly is willing to join with us and work together, even though it may be uncomfortable for her at times. While she is working to learn English, our group has also continued to do what we can to help by translating the Bible classes and sermons. Our congregation is blessed with several Spanish-speaking members, a couple of whom are able to translate for Kelly (and her relatives who are still visiting from time to time).

My fellow worker, Dan Koen, and his wife, Sonia, are in the midst of a 3 week trip to Sierra Leone in Africa. This trip has a two-fold purpose. The first purpose is to teach and spread the gospel to those whom they are able to meet. A second purpose is to investigate the possibility of moving to and living in Sierra Leone full-time to preach and teach the gospel. This is something that Dan and Sonia have thought and prayed about for a long time. If God opens the door for them, they would like to move in a couple of years. I appreciate Dan and Sonia, their love for the Lord, and their willingness to do hard things for Him and His kingdom. We have been missing them while they are gone but are thankful that God is using them in His service overseas.

### **Personal**

It's been a lot of fun for our family to experience winter on a different level than what we were used to in Texas. The girls have been able to experience some fun firsts here in Boston: their first snowman that they built on their own, their first time to go sledding down a snowy hill, their first attempt at building a snow fort, their first time walking in knee-deep snow. They are loving every moment of it!

Despite the dread we had of winter, we have been enjoying it. Hannah and I are constantly amazed at the beauty of snow. I don't even mind shoveling it – SO FAR!

To God be the glory in all that He has done!

His Servant,

*Kyle Bennett*
