**North Beach church of Christ, Ft Worth, TX. USA**

We remain here very grateful to our Father God who keeps us in life and faith and gives us the opportunity to communicate through this means.

Dear brothers, it is our wish that all be well in every aspect.

**Church in Maturín center.**

**The church in Maturín in the center continues, the brotherhood handling the difficulties that we have as a country, but strengthened in faith by worshiping and serving the Lord.**

**We are in contact with people from denominational churches and we already have a visit at church meetings. This week, with God's help we will be holding meetings at**

**home to present the biblical gospel, the way of salvation. We appreciate your help with prayer.**

**We continue with the building meetings in houses with the brothers, with greater emphasis with the newer brothers.**

**We have older brothers with details in health and physical limitations in their mobility, with them we are arranging meetings in their homes to pray, read the Word and sing hymns with them and give them encouragement.**

**Country situation. There has been a change with a large increase in the area of supply of food and other products in the country, almost all imported. Only that the prices are very high, I recently heard information that said that 24 million sovereign bolivars (approximately \$ 320, at the change of these days) are required for the monthly supply of food only for a regular-sized family. To this we add that the minimum wage earned by most workers is approximately \$ 4 per month. High prices also come to medicines and other things.**

**For all this, I pray that we continue to pray for Venezuela, and very particularly for the brotherhood throughout the country.**

**So far this newsletter. I want to thank as always your participation with me in this work and your prayers. If God permits, it will be until the next edition, meanwhile and always, that God blesses us richly. Goodbye.**

**In the love of Christ, Antonio and family.**
