---

**NORTH BEACH CHURCH OF CHRIST. FT WORTH, TX. U.S.A.**

**We praise and glorify because in the midst of this pandemic that afflicts humanity, our God maintains us in this existence, while thousands perish in different places in the world, among them brothers in faith, but many souls have also left without Christ, which is very sad.**

**Dear brothers, it is my wish that you and your families are well, and if anyone has been touched by sadness (I hope not), have our solidarity and sympathy.**

**Church in Maturín center.**

**The brotherhood continues, as in all the world the restrictions keeping a quarantine to protect the health and the life of the dangerous contagion of covid-19.**

**Given the temporary suspension, by the government, of public meetings, each family has meetings in their homes to pray, sing**

**and study the word of God.**

**Another way we use to keep in touch and encourage each other is through phone communication, even to pray together for each other.**

**We are also aware of the food situation, and those who can help the most who lack it.**

**We continue to pray and hope that the government will relax the restrictions of meeting with the desire to worship together and normalize evangelistic work on the street with meetings at home.**

**Surgical emergency. On the 28th, the young brother Moisés Aguirre underwent emergency surgery at the central hospital due to appendicitis. Thank God everything went very well. On the 29th he was discharged with 21 days of rest at home.**

**So far this newsletter. Dear brothers, I am very grateful for your prayers and communion with this servant, we also continue to pray for Venezuela, which in addition to the coming pandemic, we are undergoing the critical, political, economic and social situation that the country has suffered for a long time. If God allows, it will be until the next edition, meanwhile, that the Lord will protect us and richly bless us. Goodbye.**

**In the love of Christ,  
Antonio and family.**
