

REFLECTION. Today I am alive, and thank God I can write these lines. But humanity cannot ignore that we are surrounded and threatened by an invisible and silent and deadly enemy. Will I be here to write again at the end of April? God only knows. Life is in our body, death stalks us like a beast to its prey. This makes me paraphrase the words of James (... the body without spirit is dead... 2:26), "the body without life is dead", it sounds redundant, but redundant is the action of the "corona" enemy who leaves bodies without life to the length and breadth of the planet and we do not know if also, at any moment of this time it comes for you or for me. But for those of us who have life hidden with Christ (Col. 3: 3), it will only change places, it is eternal and in a good place with Christ.

So if we don't talk to each other next time, we'll see you later. Without fear, because God is love. Dear brothers, thank God, we meet again.

Church in Maturín center.

As it is known, that the coronavirus pandemic, as in other countries, the Venezuelan government decreed isolation (quarantine) of families in their homes to prevent the spread of the contagion disease. This measure prohibited public meetings until further notice. For the past two weeks the church has been unable to gather for worship of God.

Non-Substitute Options: No different arrangement substitutes for the first day of the week meeting where we observe acts of worship of God together.

These days we have recommended family gatherings at home to pray, study the Word, and sing hymns. And where there is only one Christian and he can do it, let him do it too.

The other thing we do, since we can't make house calls to meet for Bible study, we communicate by phone.

We depend on God's help. We already had a strong political, economic and social crisis and now this other difficult situation is added, but the Lord Jesus calls us to have peace, he has said that, in the face of affliction, we trust in Him (Jn. 16:33).

So far this is a very particular and different newsletter.

Until now the pandemic has reached more than 200 countries causing disaster and sadness in some more than others. On earth there is no place to escape. Now more than ever it is imperative that we continue to pray for each other and for all of humanity.

Dear brothers, I am very grateful for your prayers and communion with this server.

God willing, it will be until the next edition, meanwhile and always, that God will protect us and richly bless us. Goodbye.

In the love of Christ, Antonio and family.
