

My greetings to you and to your loved ones in His divine name!...

As to my works within two couples of weeks, 3 were baptized. Couple here in Longos named Erickson and Dina. While in Jasaan, after my preaching, one was baptised her named is Rica Mae. Although my works is very limited due to cover 19, I'm just doing my best to do my duty as a preacher. I used my good public relationship to my environment...

I talked our mayor and barangay captain just to allowed my preaching ... Good thing that they grant my request but in a proper social distancing ...and a limit time due to curfew hours.

The 3 consecutives Sundays for the month of May, I kept on my teaching in San Antonio, but the last two consecutives Sundays were in Jasaan, Sta Cruz. My bible study every Wednesday is on line for the Church of Christ in kalayaan [brethren] together with San Antonio and Jasaan brethren.

Regarding to my social media work, one of my sympathisers is inviting me to baptise her, her name is Guinevere Laguiva in 292 Sitio Linawan, Dulong Bayan, San Jose, Del Monte, Bulacan. Her husband and her relatives are also willing to hear the gospel, but her husband is posible to be baptised to. I talked with bro Ely Ebuenga regarding this matter, once we are already free to go there, we will.

In Facebook, one was opposed to my preaching, his name is Tommy Ferrugia. He said citing the bible to prove that God is true is like citing a spider man comic to prove to that a man can climb walls. According to him God is imaginary, fictional, God is a remnant form ancient times when men through the world existed and functioned because of magic. He also added that today, anyone over the age of 12 who thinks an invisible man in controls the universe with magical powers is hopelessly ignorant.

I asked him, "how can you prove that? prove it!"

But I'll prove that God is real ,true and existing. Some scientist believed, like Dawson and Albert Einstien etc believed in GOD. THEY Conclude that a thing cannot came from nothing, therefore there is always was! in creation, if there is no creator therfore there is no creation!

In Psa 14:1 Fools say to themselves, "There is no God." They are corrupt and commit evil deeds; not one of them practices what is good.

All day I wait for his reply and until now zero answer. I have the book of debate between atheist - Church of Christ . I'm just waiting for him to use the big bang, the man's origin etc.

THE brethren in San Vicente, Camarines. Norte looked for my name in fb, they are now requesting for me to visit them and resume the Church of Christ there.

They need a preacher there. My son Jay want to resign to his current job and handle the church there but he has no part time job there.

Being a field manager in a true money, Sunday has no vacant for him, that is why he is looking for another job just to preach there. Maybe if I can buy the lite ice van i can visit them.

The van is still good looking and durable. I need to sacrifice part of my support just to buy it installment, 2 gives. Not only for visitation in Bicol but I really need the service for my preaching, Bike is not enough as my preaching service. San Antonio is 11 kms from here, Jasaan is about 35 kms. Next month, it is strictly prohibited by the law to drive a vehicle not by the owner. This is the new LTO law of the Philippine. THE said van worth 100,000. If you dont mind my dear brethren, please kindly help me...

I will send the photos include the picture of the van...

As to my check which I deposit in Land Bank on May 29, I went there but still no confirmation or clearing yet. According to them it is only 15 days clearing; anyway maybe before the end of this month. As to my family, they are all fine together with all the brethren here.

Thank you so much for constant trust and fellowship with me. My hope and pray that all of you there my dear brethren are all fine too and safe from covid19, we pray that the brethren at Loop who were affected by covid19 are total healed...

In Christ,

Efren
