NORTH BEACH CHURCH OF CHRIST. FT WORTH, TX. U.S.A.

Dear brothers in Christ, we thank our God for the opportunity to sustain us in his existence until now.

It is our wish that everyone is taking care of their lives. And we regret that the brothers have been affected by covid-19.

Church in Maturín centro.

The brotherhood continues to patiently resist the mandatory isolation to avoid contagion, thank God so far no brothers have been reported in Venezuela or in this city infected with covid-19.

The government has started this June 1 a program called 5X10. This is 5 days of flexibility with various limited time slots for banking, commercial, healthcare, etc. After these 5 days, 10 days come when all these activities are suspended and once again, total confinement is

entered. The authorities will evaluate the results of this experience to make some other decision.

Public meetings of any kind are still suspended.

We hope that in the near future, the authorization of public meetings will also enter into flexibility.

Meanwhile, we keep in touch by phone, and at home the brothers study the word, pray and sing hymns to the Lord.

So far this newsletter. Let us continue to pray for each other, for all humanity because of this global pandemic. And let us continue to pray for Venezuela, which leads to a political, economic and social crisis.

If God allows, it will be until the next edition, meanwhile, we ask God to richly bless us. Goodbye. In the love of Jesus,
Antonio and family.
