North Beach CHURCH OF CHRIST

Esteemed brethren in Christ,

As we begin the sixth month of our Pandemic – our faith in God has not wavered. We remain devoted to God. We know that He will see us through these trying times. We can surely lose our material possessions – but not our souls. As I stated in my last report, people we know have fallen ill to the COVID-19 virus. It is not a sin to fall ill to the virus nor to any illness, chronic or otherwise (Consider: 2 Cor. 12:7-10; Phil. 2:25-27; 1 Tim. 5:23). Illnesses are and will continue to be part of our human life until the moment we step into eternity. Love must always be in our hearts towards our brethren in Christ and people in general. We owe this to one another. Thanks to each one of you who remember us in their private and public prayers.

Mexico City – Plans are in place for me to continue my preaching trips. I will be in Mexico City with the Tacuba congregation the second week in August. Mexico is one of few Latin American countries that has their airports open to US citizens. Please remember this effort in your prayers.

Latin America – To this date, most Latin American countries are working on opening their airports and borders to international travelers. Hopefully, I will be able to keep up with my schedule for the remaining months of this year. I will have additional information in my next report to you. I am in communication with a good number of brethren in Latin America – many of them experiencing the same issues that we are living due to COVID-19. Please keep them in your prayers.

Our three children – Just like your children, Caleb, Ciara and Catia are scheduled to return to their public education program. Our children are looking at September 8th according to our governing authorities.

Thanks for your prayers and faithful fellowship. We pray God's blessings on you, your families, and your local work.

In Christ,
Ruben C. Amador
