

I thank God who enabled me to give the work report of for the month of July 2020.

Sir, my eldest Sister Mrs Kimkhohoi Guite, was sick with colon cancer and since last month Date 6/7/2020. she was admitted to Suppercare hospital, and was being major surgery,

This difficult times we got hospitalized, so how it was difficult, no word to said the problem of the situation.

Right now She was in ICU ward.

It will take times for her recovery.

So is I was delayed even for the work report i am so sorry.

But today on 14/8/2020. My sister was shifted from ICU ward to private ward,

And the doctor tells me so, after surgery she will live only five years.

Still treatment was going on we are at hospital, I was attending her at the hospital, the doctor allowed only one person for attendance.

So please remember us in your prayer we really need your prayer for my sister recovery.

And the Church of Christ Shillong we couldn't able to attend in the worship service.

Because of Virus of the state, still the state government had maintains the social distance. They don't allowed.

But still we did our own worship service at our residents (house).

Except my Sister the rest of the Church was good.

Sir thank to all the beloved brethren of North beach Church of Christ.

For your prayer and supporting us with financial and prayer.

May God bless each and everyone of you.

Lhunkhothang
Church of Christ
Shillong India.
