**NORTH BEACH CHURCH OF CHRIST. FT WORTH, TX.
U.S.A.**

Greetings beloved brothers, we give thanks because by His mercy we are still alive.

Our wish is, despite the pandemic that haunts us, that everyone is well with the help of God.

Church in Maturín centro.

The brothers of the church in Maturín, we are all, as everywhere, struggling with the present situation, which, as we know, is twofold in the country: the political, economic and social crisis that was already long and now this COVID pandemic -19. And I say struggling to keep the faith.

In general: In Maturín, the rules imposed by the authorities for control to avoid contagion prohibit any type of small or large gathering. Given this situation, the brothers in their homes, where there are several

Christians meet, pray, sing and share readings and teachings of the Bible.

In the house where there is only one brother, no one else accompanies him, he does it alone.

Making a visit with extreme secrecy is difficult, not only because of the control of the authorities, but also because of the difficulty of transportation due to the lack of gasoline, even when your own car.

What I do to maintain contact with the brotherhood is to make virtual visits through phone calls. I do several and I get in contact with all the brothers to find out about them, give encouragement and encouragement.

In health: With all the care, however, several sisters who are members of the church have gone through difficult times, with symptoms attributed to covid-19 such as lack of smell, taste, and appetite. They have also had a fever, headache, and general malaise. They have treated this at home with virus medicine, and thank God they have been recovering. Also some of his children. They are the sisters Omaira de González and two of their children, all recovered. Luisa de Villanueva, her husband and two children, recovered. Dora de García, recovered. Lenis González and her son Diego. She is recovered, Diego not yet.

So far this newsletter. Let us continue praying for each other, for all humanity, for the church, and for Venezuela.

If God allows, it will be until the next edition, in the meantime, we ask God to protect us and richly bless all of us. Goodbye.

In the love of Jesus,
Antonio and family.
