Truly, truly we have to say that we are very grateful to our Lord because until now the brothers and relatives who have been affected, battling with the symptoms of Covid 19, thank God some have already left the situation, a few others are still going through the affectation. We have seen death in our neighbors very close to us.

Church in Maturín centro.

In general:

We keep in touch with the brotherhood through telephone devices due to the rigorous social distancing established by the authorities. I communicate with everyone and the brothers communicate with each other. As you know, the motto is: "STAY AT HOME." The brothers in their

homes read and study the Bible, pray and sing hymns to the Lord and thus we feed ourselves spiritually.

Health and nutrition:

The country situation plus the pandemic has generated a difficult situation in families who have the least possibilities to attend to health and food. So those who have more possibilities help the sick with medicine and with food for those who are lacking.

So far this newsletter. Let's continue praying for each other, for all humanity, for the church, and for Venezuela.

We appreciate that you include us in your prayers. If God allows, it will be until the next edition, in the meantime, we ask God to protect us and richly bless us all. Goodbye.

In the love of Jesus,
Antonio and family.
