We have reached the last month of the year, we thank God for it. Last March brought a surprise to the whole world, a surprise that has deprived of the lives of millions of people around the world, even neighbors very close to us. By the grace of God, no brother of this church has died, although some passed the coronavirus victoriously.

We praise and thank the Lord for being alive. Flexible month: In the month of November we had two flexible weeks in which the church could meet freely without risk of sanction by the authorities, only observing the biosecurity measures. The authorities have decreed the entire month of December made more flexible, which allows that every Sunday of the month we can meet, of course keeping all the protection measures. The brotherhood is fine, the brothers rejoicing in the freedom to worship that flexibility gives us. We have been informed that in January 2,021 the quarantine returns with the 7 + 7 system, a week made more

flexible and another of radical quarantine. We thank God that in the midst of everything we have the opportunity to meet. Health. We continue to pray and request prayer for the health of several brothers: Ronald Roark, Tol Burk and Steve Wilsher from USA. From Venezuela, Rafael Silva, Salvia Salas and Mrs. with a very delicate state of health, several more brothers. Benedicta Timaure, mother of faithful sister Virginia Timaure (neither has Covid 19). So far this newsletter. Thank you, beloved, for participating with this server in this work. Let's keep praying for each other, for all humanity, for the church, and for Venezuela. We appreciate that

you include us in your prayers. If God allows, it will be until the next edition, meanwhile, we ask God to protect us and richly bless all of us. Goodbye. In the love of Jesus, Antonio and family.
