The first month of this new year has quickly passed, and thanks to our Father God we continue in this existence helping in the extension of the kingdom of God.

Dear brothers and sisters, it is our wish that all are well, enjoying God's blessing and protection.

.

CHURCH:

With God's help, the church continues in the midst of the pandemic and the country's situation, not easy. But we continue to be nourished with the strength we have in Christ: "I can do all things through Christ who strengthens me" (Philippians 4:13). For now, we continue in the time scheme decreed by the authorities: 7 + 7 = 7 flexible days to carry out most of the activities, where we have the opportunity to meet the entire church publicly without restriction, only keeping the biosecurity measures to protect ourselves contagion of Covid 19. On weekdays the

brothers can hold small meetings at home to pray and study the Word, even taking care of the biosecurity regulations. And 7 days of confinement (radical quarantine).

Aspiring “female pastor” Mrs. Marlin and her husband attend a sectarian church, where they are being trained so that her husband is a “pastor” and she is a “pastor”. I had the opportunity to study biblical baptism with her and the issue of the place of women in the biblical church. She was very impressed by all that she ignores in the Bible, to the point that she wants her husband to join her in Bible studies with me, along with her. It is understood that, if the leaders of that church find out that they are studying the Bible with us, it will not be easy for them,

"Rural sectarian pastor." An hour and a half north of Maturín there is a rural area where approximately one hundred farming families live and work. There is a sectarian congregation there, I have met the “pastor” of the church and I have a good human acceptance from him.

Taking advantage of this empathy, I have invited him over the phone to study the Bible and he has accepted the invitation, but there are other people in the area that I know. I am making arrangements to get transportation and time to go to the field to preach the gospel. Talk about this last newsletter.

My wish is to start a new work in the countryside, near the city of Maturín, if the Lord allows me. I ask for his prayers for this.

Prayer for health

- **Omaira Lucart.** Sister Omaira, is a faithful Christian, an elderly person (elderly), a member of the Maturín center, she has long suffered from epilepsy (controlled with medicine). In this time she has been in quite poor health, to the point that she has convulsed, now she is stable. she needs to recover.

- **Antonio García.** Brother Antonio García is a faithful Christian, older than the third age, he suffers from Parkinson's disease, his health progressively degenerates. during this time. The medicine he takes is very

expensive, although we help with that, sometimes there is no medicine. He is a member of the church in downtown Maturín.

- **for them we ask for prayer.**

So far this newsletter. Thank you very much dear brothers for being with me in this effort in the work of the Lord.

If God allows it, it will be until the next edition, in the meantime, that God continues to protect us and richly bless us all, goodbye.

In the love of Christ,

Antonio and family.
