

2/10/21

Dear brethren,

We hope and pray all is well there.

We continue our in-person worship on Sunday morning only. Still no members have had any symptoms nor tested covid positive.

I'm still sending my N.T. class study notes to all the members.

Please keep sister Rachael Scheuerwman in your prayers. Her Sunday work schedule is an ongoing problem. At Rachel's request, I sent a letter to her human relations dept. Requesting that she be given a schedule that would allow her to attend worship on Sunday mornings. Haven't received any feedback as yet.

Lora Cotton's mom Hope Doss is still up and down with her memory and health issues, so prayers for them are still appreciated.

Sister Brenda Bullock is doing better with her health issues.

Sister Dorthy Warren didn't contact covid after exposure, and her health is O.K..

Denver Dobbs, one of our young men, is having faith conflicts. Graduated H.S., Working, Has a girlfriend who comes from a bad situation at home. Ready to be on his own (he thinks). He really needs all the prayers he can get. Because of Denver's decisions, please include his mother, sister Sandra Dobbs, to your prayers.

All other members seem to be doing well spiritually and physically.

We thank all of you for all your prayers for all of us.

I working on Debby Westerman. We will keep trying. Debbie is so weak. We still pray she will finally actually meet with us and get on the road to spiritual recovery.

About Glenda and me:

Nothing new with Glenda. She is doing O.K., but still gets very tired very quickly. We believe everyone's prayers have helped her so much, so thank you all very much.

I continue to have good health, so hopefully that will continue.

Overall, physically and spiritually we and the congregation continue to do well. Again, thanks for your support and prayers.

We continue to ask you to pray for fellow christians in our country and the world as it is not looking good for God's people in the coming years. Satan is working very hard, and seemingly successfully, to undermine the Faith of many. We are so thankful we have the Lord to lean on. We will have to see how the new administration plays out as far as our freedom to worship goes. We can only pray for the best.

Jan 2021 support:

Midway.....\$1500/mo

North Beach.....\$500/mo

Weatherford.....\$600/mo

We continue to pray that the Lord's true Word will spread.

Thanks again for your prayers and support.

In the Lord

David Reeves
