

Efren Algaba

My greetings to you brother, together with all the Saints there in the name of our Lord Jesus Christ.

As to my work in the past, two were baptized.

March 26, the 13 years old fine young man was baptized here in Longos.

March 29, another one 16 years old fine young man was baptized here in Longos.

Due to high number of covid patients in our province, we were put under Enhanced Community Quarantine (ECQ) last March 27. During the first week, our Mayor granted my request to visit the brethren and hold a services as well as to preach the gospel via door-to-door in a condition that I can only bring one companion. But unfortunately, on the following weeks, not just the baranggay police but the National Police patrolled here for 24 hours to branggays and towns. With a curfew from 6 in the evening until 6 in the morning, a penalty of 500.00 for 1st offense. So I wasn't able to do my job publicly but secretly whenever I have chance.

The service in Jasaan is on the hand of brother Lino, while in San Antonio is on the hands of brother Narcing and I'm here at Longos.

I regret for the one man who wanted to be baptise but he was suddenly possitive to covid 19 that's why he was forcefully quarantined for 14 days.

Before ECQ and MECQ, I went to Jasaan with my wife and the couple of brother Rolly. There are couple there, an old man and old woman, the woman is willing to obey the gospel but I am still trying to convince her husband.

The last two weeks, we all suffered from illness, headache, LBM, body pain, vomiting and severe fever, but God is merciful and heard our fervent prayers. One of my doctors classmate and friend adviced me on what to do and what not. God blessed us and we are all finally fine and free from that illness. Some of my friends warned me that it might be covid-19, whether it was covid or not, what important is we all recovered through the grace and mercy of our God. Fil 4:6-7 Faith and strong determination and proper medicines, we all overcome the said illness.

Hopefully that our province will be finally remove from quarantine (MECQ) so we can move as free as the previous situation.

Thank you brother for the prayers in behalf of all of us here, and of course to all the brethren for constant trust and fellowship with me. You are all kept in our prayers as well as in

my personal prayers to be free from any illness, especially from this covid-19. And also from the war threatened by China...

In Christ,

Efren
