

Yera Surrender

I thank the elders deacons and all the members for your support and prayers.

The COVID 19 is quite serious and they are calling as 2nd wave. By the grace of God we all are doing good and me and my wife have taken the 1st dose of the vaccine.

So sorry to hear about the deaths of a brother and sister. Our prayers and deepest condolences to their family members. We are earnestly praying for all the members at North beach to keep you safe from the freezing weather and from the virus.

Report: Apart from my regular work with the local church last month on 27th traveled to Karnataka state to preach among the denominational church, people have taken good advantage of the word. This is a new work and hopefully some conversations might take place. If that happens we have to start the worship kindly uphold this work in your prayers.

I once again thank all the saints at North beach.

Brotherly,

Y.Surrender.
