So that is why the goverment of India imposed the total lockdown and curfew for the whole counetry.(all over India) .

Even my family were effected by the Virus as well the building where i stayed some of them were also effected and got hospitalized .

But me and my family were home isolation for 27 days. According to the command of the health department of the goverment.

Some of the Church members were effected by the Virus and most of them were recovery from the Virus , there is not death report from the shillong Congregation.

But still some of the Church members were Effectted. And they made theirs treadment at home. So because of the lockdown and curfew We could not gather to gather.

And it is inposible to visit the Church members .at the moment.

But what i can do for the Church right now.

I used to writed the Alticals of the messages ( the word of God) and sent them. And the prayer was I made by on phone called . And have prayer fellowship with the Church members

I myself i could not able to step out fromy my door step. If God willing and i will step out after sevendays.
