

BOSTON

Dear Brothers & Sisters,

We just passed our 5th anniversary of moving to Boston. Wow! These 5 years have given us countless blessings, including greater faith and appreciation of our Lord, a deeper understanding of His Word, and an ever-expanding Christian family. Thank you for being a part of this work through your prayers, partnership, and encouragement.

Christians in Boston

This past weekend the church hosted our annual lectures, which is an event that we use to reach out to the surrounding community and invite them to hear a series of Bible lessons. We advertise the event heavily using different means (this year we used Facebook ads, a billboard, and passing out invite cards in various locations). Our goal is to connect with unbelievers who may be seeking. The Lord answered our prayers by bringing 7 different contacts from the community to these lessons.

This year we were joined by Phil Morgan of New Castle, IN. The weekend began on Friday evening when we invited the church over to our house for a potluck dinner. After dinner and fellowship, Phil conducted a question & answer period for us. It was a huge blessing for all of us to glean from some of his wisdom. Then, on Saturday, Phil presented four lessons centered on the topic of “God, I have some questions...” Each of his lessons was geared towards questions unbelievers may have, such as “What is going on here?” and “Where is all this heading?” Phil did a great job showing how God gives us the answers to these questions in His Word. We recorded the lessons and hope to have them up on our website very soon. I highly recommend you check them out.

It was a tiring weekend, but extremely encouraging. I was blessed by seeing the tremendous work that Phil and so many of our members put into this weekend. I am hopeful and prayerful that this will propel us forward to continue reaching out to the lost around us. Please join us in praying for those 7 souls who are seeking and heard the gospel this weekend.

Brooklyn Conference speakers

Work of Evangelist

In March, I was blessed with the opportunity to be a part of the Brooklyn church's Equip Conference. I have a deep affection for the church in Brooklyn and am encouraged whenever I can spend time with them. They work tirelessly to organize encouraging and relevant gatherings at various times throughout the year. The Equip Conference included a separate men/women's study, followed by the weekend-long conference. Friday morning

began with the all-day men's Bible study geared towards equipping men to be better Bible teachers and preachers. The men's study ended with us dividing up into groups, sharing prayer requests, and praying for each other. So many great guys came in from all over for this Bible study – including several of the Christians from Boston, like Policarpe, Peterson, Curtis, Winston, and Melvin (Winston and Melvin don't live here anymore, but I still claim them).

The conference began on Friday evening and went through Sunday. It was based on the theme of "Continuing the Kingdom" with lessons from the book of Acts. Being one of the eight speakers was a privilege, but even more so, I was blessed by hearing the other speakers' lessons. I gained many insights and saw so many connections between each of our lessons. If you would like to listen to the sermons from the conference, search "The Way BK" on YouTube.

Support Need

We found out from one of our supporters that they need to discontinue their support. Therefore, we are seeking \$500/month. If you or anyone you know would be interested in participating with me in this work, please let me know.

Personal

Earlier in March, our family took a special trip to Washington D.C. We packed our days with as many sights and museums as possible. One of the highlights was going on a special tour of the White House with one of our friends (and former Christian in Boston), Michaela. We may have worn ourselves out from walking, but we created some great family memories.

To God be the glory in all that He has done!

His Servant,

Kyle Bennett
