Greetings dear brothers, one more month has passed of the time that the Creator granted us of life, and as children of God, until this day He has protected us, has kept His church in this difficult time that we are going through in our country.

**MATURIN CENTER.**

The brotherhood goes forward united by faith and hope in Our Lord Jesus Christ, "*awaiting the blessed hope and glorious manifestation of our great God and Savior Jesus Christ*" (Titus 2:13), serving and worshiping the Lord.

**Arriving at the church.**

In last May's bulletin I spoke of the arrival in the church of Randoll González who 25 years ago, when he was 14 years old, was baptized in the institutional church, he continues to work for his faith in correct doctrine.

In this month of June Juan Carlos Vargas arrived, who was more than 9 years old who had separated from us following the current of this world. The church was very happy to see him again. But Juan Calos did not arrive alone, he was accompanied by his friend Enrique Mata with whom he had shared his experience as a Christian in the church of Christ, and motivated him to also meet. Now we help Juan Carlos in restoring his faith and Enrique to hear the Word. We greatly appreciate your prayers for them.

**Last meeting of the church in maturin center in the month of June 2023**

**From left to right: Juan Carlos Vargas and Enrique Mata**

**So much for this newsletter.**

**If God allows, it will be until the next edition, meanwhile, we pray to the Lord to protect us and bless us richly always, goodbye.**

**In the love of Christ, Antonio and family.**
