

INFORME DE ESTUDIOS DE JUNIO

Greetings dear brothers, God continue to bless you greatly.

Thanks to the gentleman my wife and I are very well. My wife's medical check-up has gone very well thanks to the gentleman, instead my check-up was the opposite, the tests showed that I have high: Cholesterol, triglycerides, glucose, and creatinine, I am also 20 kilograms of my recommended weight. The doctor has prescribed treatment which I must stick to with a diet and a lot of exercise in order to regularize my values for 3 months. It is nothing serious, but so that in the future it does not affect me, I must stick to the doctor's orders. He says I'm too young to have results like that. I must take care of myself much more.

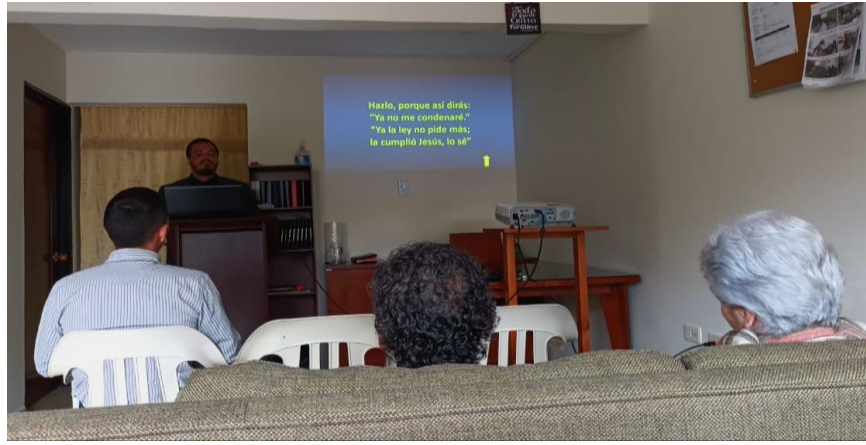

My mother is still recovering, although with the heat wave that has hit Venezuela it is very difficult for her, the organization of my mother's trip is going very well, the date of seeing her is approaching and I am very excited.

The brethren in the church are doing very well. We continue to meet at my house on Sundays and Wednesdays, the possibility of getting a larger place and thus being able to be calmer is opening up. Let us hope in the Lord everything can go well. I continue to work in the homes of some brothers giving Bible studies and organizing early studies with new contacts.

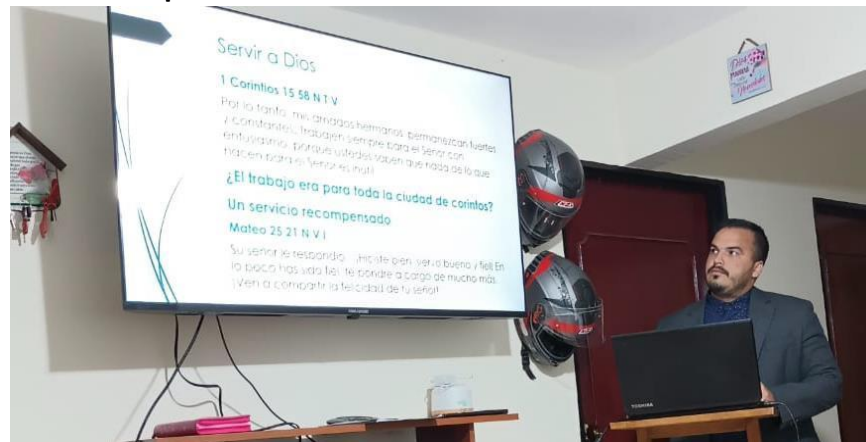

I ask you for much prayer for the work and for me, to continue with courage in this beautiful work.

Thank you for your help, for me it is a great blessing. May the love of the Lord be with you

I share photos of my activities and summary of them.

In my Sunday responsibilities, I continue to lead the study of the first hour. I was able to share 3 sermons this month and every end of the month I lead a space to learn new hymns for the worship of the Lord.

In our evening service I lead all the acts of worship, as well as the teachings, it is a great privilege for me to be able to do so. The brothers are very grateful for the service, they hope to be able to get better jobs that allow them an ease of schedule and thus gather everything in the morning.

I continue to lead the studios on Wednesdays.
